

## 2012 STC Cup

### NEWS

#### 2013 News

The 2013 STC Cup is heading to a first time STC Cup host venue, The Legends of Golf and Resort in Myrtle Beach, South Carolina. The Cup will be played on the three onsite courses, Heartland, Moorland, and Parkland. All three courses offer a wide array of obstacles and we all hope the participants can keep golf at the forefront and not show their Derrieres. Captain Leverett and Captain Rivers head into their third year as captains with both captains having the privilege of hoisting the Cup.

Both captains are eager for the challenge to

take the advantage in Cups won and secure their legacy. The 2013 STC Cup Draft will take place on May 30, 2013.

The STC Cup would also like to welcome Tyson Deal, Andy Higgins, and Nick Sheffield to the 2013 field. With these additions the field has become significantly more competitive and it sure gives Cuppers some peace of mind knowing a doctor is now onboard. Good luck gentlemen.

### STC Cup vs Myrtle Beach

Myrtle Beach is home to numerous golf courses and Gentlemen's Clubs along the Grand Strand. Myrtle Beach has been called the "Golf Capital of the States" because of the 100 golf

courses located there, and will be considered the "Golf Capital of the World" once the STC Cup makes it's annual stop at the pristine Legends of Golf and Resort. The STC Cup throughout it's existence has made average golf establishments well-known and great clubs private. Bill Brasky once

commented on Saturday Night Live that he won the STC cup after consuming a bottle of Scotch per hole while shooting 73. Story has it his partner was the contributing factor in the match and he was not asked back the following year because he did not consume enough swing oil. Golf Digest stated something like, "Is there any place more devoted to a golfer's fantasies than Myrtle Beach, just ask Andy Higgins and read his bio. Ambush us Golf Digest, I dare you!! The Cuppers will embark onto Myrtle Beach July 18 and depart on July 21 (Weather Permitting), this will be the almighty Grand Stand. Vegas odds opened Myrtle vs. The Cup at a pick'em, it should be noted that the line opened prior to a doctor being added to the trip. It is rumored that upon the Mayor hearing of the STC Cup coming to town he immediately put the weather man on notice for a Category 5 that weekend. Stay tuned, Victory will be ours. The bigger story to be told is will the Cup return to the Garden City with the defending Champions, Team Heart or will Captain Rivers and Team Luxury return to glory?
